

## Reinhart Trailers | Wide Variety Of Enclosed Cargo Trailers At Reinhart Trailers

After purchasing a new piece of equipment, machinery or toy, an owner will be very keen on protecting their investment. A gleaming, heavy-duty lawn mower, motorbike or ATV could be loaded into the back of a flatbed, but the wear and tear during transport takes its toll on the equipment. Wind, ice, rocks, salt— all of these things chip away at the pristine surface of a shiny, new toy. One effective way to protect such an investment is to use an enclosed cargo trailer for transport.

Reinhart Trailers, a 15 year, Toronto-area veteran of the trailer retail industry, understands the importance of safely moving equipment or other valuable cargo in an enclosed cargo trailer. The protection and security that an enclosed cargo trailer offers cannot be underestimated, both while the contents are being transported and while the trailer parked. Indeed, the ability to keep the contents of an enclosed cargo trailer under lock and key translates into peace of mind one wouldn't get with an open, flatbed truck.

Reinhart Trailers is an award winning retailer of brand names like Car Mate, Featherlite, Triton, Moritz, Aluma and Hyhills Trailers.
